NOTES AND COMMENTS.

S. B. Lott, of Hancock, will be the only Progressive in the Legislature. He will have to roost so low nobody will care to remember Lott, his wife or any of the family.

The tables have turned. But recently Judge Hughes was begging others for office. Now many others are begging him.

Now that the Progressives have Bill Sulzer, they do not know what to do with him. He certainly is not the kind of a man to help build up a new party.

The National Progressive Committee has announced that it will enter candidates in every Congressional district next year, but judging by the way its followers are fading away, there may be found none to carry the banner.

The Attorney General of New York says that the migratory bird law is unconstitutional because it is paternalistic and against States' rights. If so, the more's the pity. The States won't protect them.

The Estill Tribune goes into connipions because the Democrats elected Judge Riddell and the school superintendent and jailer, the latter, however, by the narrow margin of 2.

There were 20 women school superintendents in Kentucky before the election; now there are 35. The office is being regarded as women's especial prerogative and they generally make good officials.

Here it is again. Only four women voted in Clark county. There were 12 to vote in Madison, but this is one time we won't crow over Clark.

A Cincinnati woman married the brother of her son's wife. Provided she has children what kin will they be to her son's children?

T. Sanders Orr, of the Harrodsburg Leader, must be a very popular man. Notwithstanding the waning fortunes of the Progressive party, he got 292 votes for the Legislature from Mercer, in a total of some 2,000.

The Paducah city council has passed an ordinance prohibiting free lunches in saloons. It evidently thinks that the liquor will draw them without the eats.

It is said that Billy Sunday made New Orleans audiences "shiver" with his descriptions of hell. This is singular. If hell is what we have been taught to believe, we would think "perspire" would better describe their feelings.

Capt. Hobson says that Oscar Underwood is a tool. Change the first letter of the last word to f and that will describe the so-called hero of the Merimac.

Lillian Russell says a birthday celebration is a drawback to progress. This five times married actress, however, doesn't let that bother her. She cut them out after reaching three score.

The way the elections went it seems that the voters want to make it unanimous in their endorsement of Wilson's administration.

The wife of a Patterson doctor has come into the possession of \$20,000 as he result of bearing a child by the time she became 25 years old, in accordance with the terms of her grandfather's will. This sort of encouragement for mother-

hood would come in mighty well if it could be generally adopted.

W. H. Taft lists his property at \$150,000. Counting the \$25,000 he got for four years as traveling expenses and his salary of \$75,000 a year, he must have spent money like water.

The Louisville Herald says the Progressives see victory in trend of the recent elections, but we opine that it is much easier to read sermons in stones than to perceive such a trend.

A woman in Washington State is suing a railroad because an engineer kissed her in one of its cars, for \$1,999. She rather enjoyed the kiss, but thinks if she can get the judgment she will have her fun and money too.

It is said that the fashion will demand the wearing of ribbons in men's hair this winter. We much prefer to wear them on our lap in somebody else's hair.

Boston is pluming herself over the fact that she has a lobster in her midst that weighs 27 pounds, but that's nothing; we know several here that weigh five or six times that much.

Since the advent of the income tax there is not so much bragging over the amount of salary by the show people and others.

A religion that makes a man pay his debts is surely the right kind. A Georgia man on professing it went to the railroad station and returned 20 cents to the company which a conductor overpaid him in change many years ago.

A Chicago man named Kiss caught his wife kissing another man and procured a divorce. Having given her the name of Kiss, Kiss oughtn't to have objected to her living up to her name.

Doctors now come forward with the theory that the eldest son is inferior to his younger brothers, although the Bible pronounces him blessed. It may be because he is usually an experiment with his parents, who know more about the rearing of children after the first.

Senator James, while in Louisville, said he had taken no part in the Senatorial fight and would not, with patronage or otherwise. That's right. Let the man who wins do so on his merits.

The Colonel will hear with delight that the Bull Moores are not all dead. They elected sixteen mayors in Indiana.

It cost New York State \$125,000 to impeach Sulzer and Murphy and Tammany their political strangle hold of New York City.

If anybody ever saw a worse 9th of November day than Sunday, with its snow, wind, sleet and cold, he won't acknowledge it.

Broke Both Legs.

While en route from this city to Berea, Wednesday, Mr. David Marcum, a prominent farmer residing near Rice Station, leaped from an automobile while going up the Drowning creek hill, breaking his right leg at the ankle and his left leg between the ankle and knee. Mr. Marcum was returning home with his brother, Mr. Al. Marcum, who lives at Berea, who came here Monday in his automobile. While going up Drowning creek hill, the machine became uncontrollable in some way and Mr. Marcum leaped out, sustaining injuries as above stated.—Estill Tribune.

We have arranged for a Special Sale

On the celebrated Stearns & Foster Mattress and are offering this most comfortable, Durable and Sanitary of all Mattresses, in selected patterns of the best qualities of Satisfactory, Dust-proof Tickings—WITHOUT EXTRA CHARGE.

Beware of so-called "Special Sales" on "Cotton-felt" or "Felt" Mattresses—said to be the "genuine kind" and offered at such ridiculously low prices as are sometimes seen displayed. You do not know WHAT sort of material has been hastily STUFFED into the ticking. From a Sanitary standpoint, it may be vile; unfit for any person to sleep upon. As for genuine Comfort and Durability, such Mattresses are utterly worthless. It don't pay to buy them.

Stearns & Foster Mattresses have a laced opening (Pat. applied for) through which you can see and examine the inside of the Mattress you GET. That's the safe way to buy a Mattress. You know what you are getting.

Stearns & Foster Mattresses are made of Clean, Sanitary Cotton; felted into hundreds of little webs forming many Springs, Buoyant layers standing nearly three feet high. These layers are then LAID BY HAND and compressed to ONE-SIXTH their original height and encased in the ticking; then tufted to just the proper tension so as to be Soft, yet Firm, half yielding to your figure, but supporting it in perfect relaxation.

You will say—

"I never Knew a Mattress could be so Comfortable."

That's just what satisfied users of Stearns & Foster Mattresses are saying. You owe it to yourself to get one and enjoy rest that is Refreshing—Comfortable—Healthful.

You don't have to be put to the expense and inconvenience of sending a Stearns & Foster Mattress away to be "Made Over" or "Renovated." They never require it. An occasional Sun Bath keeps them fresh and clean.

Don't Fail to attend this Sale. Come today.

Select the Mattress you want—NOW. Don't put up longer with that old uncomfortable Mattress.
